[IRIX]
Irix Edge **100mm Filters**

SUMMER SALE

Offer lasts from **01.06 to 30.06.2020**. While supplies lasts!

Reverse Gradual Soft Gradual Hard Gradual

Full ND

Spring is here, and it's a shame to stay inside! Thanks to **Irix Edge 100mm** square filters, you can easily achieve incredible results. The **Irix Edge 100mm Full ND** full gray filter will allow you to extend exposure time, and the **Irix Edge Soft / Hard / Reverse Gradual ND** gradation filters will allow you to obtain even exposure throughout the frame. The key feature of Irix Edge filters is the use of the **highest quality optical glass and specially selected coatings**, thanks to which the photos you take maintain **high sharpness and contrast** while remaining completely neutral to the color of the photo throughout the entire frame.
