

## Irix promotion Irix 11mm Blackstone INSTANT CASHBACK

Next77, the exclusive distributor of Irix products, announces the start of a new promotion for Irix 11mm Blackstone lenses. **Now in the period from June 28 to July 4 available in a special promotion!**

### Irix 11mm Blackstone INSTANT CASHBACK.

When you buy a lens during this period, you will get €150 cashback.

Be uncompromising with the Irix 11mm f / 4 Blackstone.

The Irix 11mm f/4.0 is an ultra wide-angle lens created by photographers for photographers, to a full-frame (35mm) camera. With a field of view of up to 126 degrees. You will not miss anything, anymore and your images will captivate and delight with their unique dynamics, while excellent optics will ensure sharp, detailed photos. Thanks to the perfect seal, you will no longer

have to worry about weather conditions. Thanks to the rubber O-rings, you will not be afraid of dust, sand or moisture.

Here's why you should have this lens.

**Ultra-wide 11mm focal length** with a viewing angle of up to 126 degrees, the focusing distance is only 28 cm.

**Exceptional image quality**, which consists of as many as 16 elements arranged in 10 groups: 4 refractive elements, 2 ED elements and 3 aspherical elements.

**The minimal distortion**, which is only 3.13%

**Focus calibration window**, thanks to this special window, you can easily calibrate the lens at home, quickly, simply and efficiently.

**Infinity click** enables quick, easy and precise focusing, especially useful for night shots. With a gentle click, you know that the focus of the lens is in the optimal position.

**The rear gel filter seat** at the mount allows the use of neutral gray filters.

**Focus Lock**, which allows the focus ring to be locked in a specific position.

**Reinforced full metal construction.** All lens markings are engraved and filled with UV-reactive ink.

How to make your photos stand out from a million others? There are many ways to do this, but only one will give you great opportunities. It does not matter if you take landscape or sports photos, you are involved in astrophotography, or you love to photograph architecture.

This lens is made for you.

**Do not wait, get your Irix 11mm f/4.0 lens in the Blackstone version now, expand your imagination horizon and get your € 150 cashback.**
